This book is a part of the Creature from my Closet series. It is the second book in the series so far. This book was about Rob and what happens when Wonkenstein leaves. A new creature appears and his name is Potterwookie, he is a mixture of Harry Potter and Wookie from Star Wars. They go on many adventures together. One time, they participated in a baking contest together with the help of Potterwookie's Harry Potter side.

This is a great book because it is very similar to Wonkenstein because Potterwookie helps Rob again through his problems. I think that this book is funny, interesting, and touching. The adventures they have together are so cute. Also I loved this book because I loved the way Potterwookie comforted and helped Rob throughout this book. This is a great book if you are looking for a nice quick read.

You should read this book because its draws you in with the suspense of the adventures. This book is perfect for 8 year-old children. A lot of kids will enjoy this book if they liked Wonkenstein because they are almost the same because of the enjoyably. This is a great book I hope you enjoy it as much as I did.
